FINDINGS OF THE IRAAN-SHEFFIELD INDEPENDENT
SCHOOL DISTRICT BOARD OF TRUSTEES UNDER THE
TEXAS ECONOMIC DEVELOPMENT ACT
ON THE APPLICATION SUBMITTED BY
WEST TEXAS SOLAR 1 LLC (#1020)

STATE OF TEXAS

§

COUNTY OF PECOS

§

On the 8th day of December, 2014, a public meeting of the Board of Trustees of the Iraan-Sheffield Independent School District ("District") was held. The meeting was duly posted in accordance with the provisions of the Texas Open Meetings Act, Chapter 551, Texas Government Code. At the meeting, the Board of Trustees took up and considered the application of West Texas Solar 1 LLC ("Applicant") for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. The Board of Trustees solicited input into its deliberations on the Application from interested parties within the District. After hearing presentations from the District's administrative staff, and from consultants retained by the District to advise the Board in this matter, the Board of Trustees makes the following findings with respect to application from Applicant, and the economic impact of that application:

On May 12, 2014, the Superintendent of the District, acting as agent of the Board of Trustees, and the Texas Comptroller of Public Accounts ("Comptroller") received an Application from Applicant for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code. The application was determined complete by the Comptroller on August 22, 2014. A copy of the Application is attached as **Attachment A**.

The Applicant, (Texas Taxpayer Id. 32052879940), is an entity subject to Chapter 171, Texas Tax Code, and is certified to be an active franchise taxpayer by the Comptroller. See **Attachment B**.

The Board of Trustees acknowledged receipt of the Application, along with the requisite application fee, established pursuant to Texas Tax Code § 313.025(a)(1) and Local District Policy.

The Application was delivered to the Comptroller for review pursuant to Texas Tax Code § 313.025(d). A copy of the Application was delivered to the Pecos County Appraisal District for review pursuant to 34 Tex. Admin. Code § 9.1054.

The Application was reviewed by the Comptroller pursuant to Texas Tax Code §313.026, and a Comptroller Certificate was issued on September 30, 2014 in which the Comptroller has determined that: 1) the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised values; 2) the proposed project is reasonably likely to generate tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement before the 25th anniversary of the beginning of the limitation period; and, 3) the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state. A copy of the Certificate is attached to the findings as **Attachment C**.

The Board of Trustees also directed that a specific financial analysis be conducted of the impact of the proposed value limitation on the finances of District. A copy of the report prepared by Moak, Casey & Associates, Inc. is attached to these findings as **Attachment D**.

The Board of Trustees has confirmed that the taxable value of property in the District for the preceding tax year, as determined under Subchapter M, Chapter 403, Government Code, is as stated in **Attachment E**.

The Texas Education Agency has evaluated the impact of the project on the District's facilities. TEA's determination is attached to these findings as **Attachment F**.

At the specific direction of the Comptroller's Office, the parties used the template Texas Economic Development Agreement. As required by the Comptroller's Office, the parties changed only the provisions of the template that the Comptroller permitted. The proposed Agreement is attached to these findings as **Attachment G**. In November 2014, the Texas Comptroller's Office announced its intention to modify Comptroller Form 50-

286 and to permit amendments to existing agreements including the agreement for which these Findings are being made.

After review of the Comptroller's Certificate and economic analysis, and in consideration of its own studies the Board finds:

Board Finding Number 1.

The Board finds that the property meets the requirements of §313.024 for eligibility for a limitation on appraised value.

In support of Finding 1, the Application indicates that:

WEST TEXAS SOLAR 1 LLC (WTS1) is requesting an appraised value limitation from Iraan-Sheffield Independent School District (ISISD) for their proposed solar facility.

Property that is used for renewable electric energy generation satisfies the requirements of §313.024(b)(5).

Board Finding Number 2.

The project proposed by the applicant is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue, including state tax revenue, school district maintenance and operations ad valorem tax revenue attributable to the project, and any other tax revenue attributable to the effect of the project on the economy of the state, in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement.

In support of Finding 2, the economic impact evaluation Attachment B states:

This represents the Comptroller's determination that West Texas Solar 1 LLC (project) is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement. This evaluation is based on an analysis of the estimated M&O portion of the school district property tax levy and direct, indirect and induced tax

effects from project employment directly related to this project, using estimated taxable values provided in the application.

Disclaimer: This examination is based on information from the application submitted to the school district and forwarded to the comptroller. It is intended to meet the statutory requirement of Chapter 313 of the Tax Code and is not intended for any other purpose.

Board Finding Number 3.

The limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state.

In support of Finding 3, the economic impact evaluation Attachment C states:

The Comptroller has determined that the limitation on appraised value is a determining factor in the West Texas Solar 1, LLC decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- According to the company they have the ability to locate projects of this type in other states in the US with strong solar characteristics.
- Per the company they are actively developing other projects throughout the US and internationally, and in other Texas Counties that are competing for limited investment funds.
- Per the applicant, the appraised value limitation in order to move forward with the project at this location.

Board Finding Number 4.

The Board finds that the Application Fee received for the Application for which these Findings are being made was reasonable and only in such an amount as was necessary to cover the District's costs of processing such Application.

Board Finding Number 5.

Based upon the information provided in the Application and in the Comptroller's Certificate package, the Board finds that that the number of jobs to be created and the wages to be paid comply with the requirements of statute. And, the Board finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-286, contains all required provisions and information related to the required job creation requirements, to wit: the provisions set forth in Subsections 9.1C&D of said Agreement.

The Applicant has committed to creating two (2) new qualifying jobs. The average salary level of qualifying jobs will be at least \$37,000 per year. The review of the application by the State Comptroller's Office indicated that this amount—based on Texas Workforce Commission data—complies with the requirement that qualifying jobs must pay 110 percent of the county average manufacturing wage. As defined in Section 313.021 of the Tax Code, "Qualifying job" means a permanent full-time job that:

- (A) requires at least 1,600 hours of work a year;
- (B) is not transferred from one area in this state to another area in this state;
- (C) is not created to replace a previous employee;
- (D) is covered by a group health benefit plan for which the business offers to pay at least 80 percent of the premiums or other charges assessed for employee-only coverage under the plan, regardless of whether an employee may voluntarily waive the coverage; and
- (E) pays at least 110 percent of the county average weekly wage for manufacturing jobs in the county where the job is located.

Board Finding Number 6.

Based upon the information provided to the District with regard to the industry standard for staffing ratios of similar projects in the State of Texas, the District has determined that if the job creation requirement set forth in Texas Tax Code § 313.021(2)(A)(iv)(b) was applied, for the size and scope of the project described in the Application, the required number of jobs meets or exceeds the industry standard for the number of employees reasonably necessary for the operation of the facility.

Board Finding Number 7.

The Applicant does not intend to create any non-qualifying jobs.

For any non-qualifying job the Applicant creates, the Applicant must pay at least the county average wage for all jobs in the county.

Board Finding Number 8.

The revenue gains that will be realized by the school district if the Application is approved will be significant in the long-term, with special reference to revenues used for supporting school district debt.

In support of this finding, the analysis prepared by Moak, Casey & Associates projects that the project would initially add \$275 million to the tax base for debt service purposes at the peak investment level for the 2016-17 school year, with the project value expected to depreciate over the course of the agreement. The project remains fully taxable for debt services taxes, with the District levying a \$0.11 per \$100 I&S rate. Under the estimates presented in the school finance analysis, the taxpayers of the District should see long-term benefit from the project in meeting the District's future debt service needs even with the expected depreciation of the project's taxable value.

Board Finding Number 9.

The effect of the applicant's proposal, if approved, on the number or size of needed school district instructional facilities is not expected to increase the District's facility needs, with current trends suggest little underlying enrollment growth based on the impact of the project.

The summary of financial impact prepared by Moak, Casey & Associates, Inc., indicates that there will be little to no impact on school facilities created by the new solar project. This finding is confirmed by the TEA evaluation of this project's impact on the number and size of school facilities in the District as stated in **Attachment F**.

Board Finding Number 10.

The Board finds that with the adoption of District Policy CCG (Local), implemented in conformance with both Comptroller and Texas Education Agency Rules governing Chapter 313 Agreements, it has developed a process to verify, either directly or through its consultants, the accuracy and completeness of information in annual eligibility reports and biennial progress reports regarding (1) the reported number of jobs created and (2) the reported amount invested in the property.

Board Finding Number 11.

The Board of Trustees hired consultants to review and verify the information in the Application. Based upon the consultants' review, the Board has determined that the information provided by the Applicant is true and correct.

The Board has developed a written policy CCG (Local) which requires, upon the filing of an Application under Tax Code Chapter 313, the retention of consultants in order to verify: (1) that Applicant's information contained in the Application as to existing facts is true and correct; (2) that Applicant's information contained in the Application with respect to projections of future events are commercially reasonable and within the ability of Applicant to execute; (3) that information related to job creation is commercially reasonable and within the ability of Applicant to execute; (4) that Applicant's representations concerning and economic incentives being offered, if any, and (2) the proposed project meets eligibility requirements.

As a part of its verification process the Board notes that the Chapter 313 Application for which these Findings are being made has been submitted by Applicant under oath. Chapter 313 Applications are governmental records under Tex. Penal Code § 37.01(2)(A); as a result, all statements contained therein are representations of fact within the meaning of Tex. Penal Code § 37.01(3). Since Board action upon the adoption of these Findings and the approval of the Chapter 313 Tax Limitation Agreement (**Attachment G**) is an "official proceeding," a false statement on a Chapter 313 application constitutes perjury under Tex. Penal Code § 37.03.

The Board finds that sworn statements are routinely used as an acceptable verification method for reliance by fact finders in each of the three separate branches of government, including trials.

The consultants have prepared signed statements that the consultants have reviewed and verified the contents of the Application and have determined that the current statements of fact contained in the Application are true and correct. The Board finds that reliance by the

Board and its consultants upon verified statements of the Applicant, especially as to Applicant's future intentions which cannot be objectively verified is reasonable and within the intent of Chapter 313, Texas Tax Code.

Board Finding Number 12.

The Board of Trustees has determined that the Tax Limitation Amount requested by Applicant is currently Twenty-Five Million Dollars, which is consistent with the minimum values currently set out by Tax Code, § 313.054(a).

The Board finds that the Chapter 313 Tax Limitation Agreement (**Attachment G**), in accordance with Comptroller's Form 50-286, contains all required provisions and information related to the required investment amount, to wit: the amount set forth in Section 2.4B of said Agreement. According to the Texas Comptroller of Public Accounts' School and Appraisal Districts' Property Value Study 2013 Final Findings made under Subchapter M, Chapter 403, Government Code for the preceding tax year, Attachment E, the total 2013 industrial value for the District is \$290 million; however, the Comptroller's Certificate has based their calculation of the value limitation on the industrial value found in the 2012 Final Findings, Attachment E. The total 2012 industrial value for the District is \$141.9 million. The District is categorized as Subchapter C, which applies only to a school district that has territory in a strategic investment area, as defined under Subchapter O, Chapter 171, Tax Code or in a county: (1) that has a population of less than 50,000 and (2) in which, from 1990 to 2000, according to the federal decennial census, the population: (A) remained the same; (B) decreased; or (C) increased, but at a rate of not more than three percent per annum. The District is classified as a "rural" district due to its population characteristics. Given that the value of industrial property in the District is more than \$90 million but less than \$200 million, it is classified as a Category II district which can offer a minimum value limitation of \$25 million.

Board Finding Number 13.

The Board finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-286, contains all required provisions and information related to the

required investment amount, to wit: the amount set forth in Section 2.4B of said Agreement.

Board Finding Number 14.

The Applicant (Taxpayer Id. 32052879940) is eligible for the limitation on appraised value of qualified property as specified in the Agreement as an active franchise-tax paying entity.

The Applicant, (Texas Taxpayer Id. 32052879940), is an entity subject to Chapter 171, Texas Tax Code, and is certified to be an active franchise tax payer by the Comptroller. See **Attachment B**. The Board also finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-286 contains all required provisions necessary for the Board to assess the eligibility of any business to which an agreement is transferred, to wit: the requirement that all assignments are amendments to the provision forth in Section 10.4 of said Agreement.

Board Finding Number 15.

The project will be located within an area that is currently designated as a reinvestment zone, pursuant to Chapter 312 of the Texas Tax Code. Should it be required, the District will cooperate with the Applicant in ensuring that the area remains designated as a reinvestment zone through the Final Termination Date of the Agreement.

Board Finding Number 16.

The Agreement for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code, attached hereto as Attachment G, includes adequate and appropriate revenue protection provisions for the District.

In support of this finding, the report of Moak, Casey & Associates, Inc. shows that the District will incur a revenue loss primarily in the first year that the value limitation is in effect without the proposed Agreement. However, with this Agreement, the negative consequences of granting the value limitation are offset through the revenue protection

provisions agreed to by the Applicant and the District. Revenue protection measures are in place for the duration of the Agreement.

Board Finding Number 17.

The Board finds that the methodology and processes for determining Applicant's revenue protection payments as are set forth in Article IV of the Chapter 313 Tax Limitation Agreement (Attachment G) comply with Texas Tax Code, Chapter 313.

Board Finding Number 18.

The Board finds that the Chapter 313 Tax Limitation Agreement (Attachment G), in accordance with Comptroller's Form 50-286 contains all required provisions necessary for the Board to assess performance standards and to require periodic deliverables that will enable it to hold businesses accountable for achieving desired results, to wit: the reporting requirements set forth in Article VIII of said Agreement.

Board Finding Number 19.

The Agreement for an Appraised Value Limitation on Qualified Property, pursuant to Chapter 313 of the Texas Tax Code, attached hereto as Attachment G, is in the form of the template Texas Economic Development Act adopted by the Comptroller. Should a new template be adopted that corrects the broken cross references, clarifies wording and grammatical errors, and corrects contractual ambiguities not acceptable to either party, the Board finds that it would be in the District's best interest to agree to amend the Agreement.

Board Finding Number 20.

The Board finds that there are no conflicts of interest at the time of considering the agreement.

The Board finds that with the adoption of District Policies BBFA and BBFB, both (Legal) and (Local), that it has taken appropriate action to ensure that all District Trustees, have disclosed any potential conflicts of interest, and that such disclosures will be made if any

conflict of interest arises in the future, in compliance with the requirements of Texas Local Gov't Code §171.004.

The Board finds that with the adoption of District Policies DBD, DGA, and DH BBFB, both (Legal) and (Local) that it has taken appropriate action to ensure that all District employees and/or consultants, have disclosed any potential conflicts of interest, and that such disclosures will be made if any conflict of interest arises in the future, in compliance with the requirements of Texas Local Gov't Code §171.004.

The Board finds that that no non-disclosed conflicts of interest exist as to the Application for which these Findings are being made, as of the time of action on these Findings. In addition, the District should ensure that disclosure occurs at the meeting at which the school board will vote on the business's application.

Board Finding Number 21.

The Board finds that it has directed that a link on its Web site to the Comptroller's Office's Web site where appraisal limitation related documents are made available to the public.

Board Finding Number 22.

Considering the purpose and effect of the law and the terms of the Agreement, that it is in the best interest of the District and the State to enter into the attached Agreement for Limitation on Appraised Value of Property for School District Maintenance and Operations Taxes.

It is therefore ORDERED that the Agreement attached hereto as **Attachment G** is approved and hereby authorized to be executed and delivered by and on behalf of the District. It is further ORDERED that these findings and the Attachments referred to herein be attached to the Official Minutes of this meeting, and maintained in the permanent records of the Board of Trustees of the District.

It is further ORDERED that upon the issuance by the Comptroller's Office of a new Form 50-286 that the Board, in accordance with Comptroller rules and new form 50-286, will consider an amendment to Attachment G upon the request of Applicant or District staff.

The Applicant has requested that Tab 11 of the Application be kept confidential. In accordance with 34 TAC 9.1053, the information that is the subject of this request is segregated from the materials submitted contemporaneously with this application, that is, the proprietary commercial information regarding the competitive siting decisions for the possible project and proprietary information regarding the proposed layout of the project. Application for Appraised Value Limitation on Qualified Property (Tax Code, Chapter 313, Subchapter B or C)

Economic Development
and Analysis
Form 50-296-A

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application. This notice must include:
 - the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the Comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original hard copy of the completed application to the Comptroller in a three-ring binder with tabs, as indicated on page 9 of this application, separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its website. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules. For more information, see guidelines on Comptroller's website.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. Pursuant to 9.1053(a)(1)(C), requested information shall be provided within 20 days of the date of the request. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, issue a certificate for a limitation on appraised value to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application before the 151st day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to issue a certificate, complete the economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's website to find out more about the program at www.texasahead.org/tax_programs/chapter313/. There are links on this Web page to the Chapter 313 statute, rules, guidelines and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

TAB 4

Detailed description of the project

The applicant for this project is a national solar developer with the ability to locate projects of this type in other states in the US with strong solar characteristics. The applicant is actively developing other projects throughout the US and internationally, and in other Texas Counties that are competing for the limited investment funds. The applicant requires this appraised value limitation in order to move forward with the project at this location.

Without the available tax incentives, the economics of the project become far less attractive and the likelihood of completing the project and selling the electricity at competitive prices becomes unlikely. Property taxes can be the highest operating expense for a solar generation facility as they do not have any associated fuel costs for the production of electricity. With electricity prices already below the national average in Texas, it is necessary to limit the property tax liabilities for the project in order to be able to offer electricity at prices that are marketable to Texas customers. Markets such as California that have state wide available subsidies for renewable energy and higher average electricity prices offer attractive incentives to develop in those markets. Solar developers would not be able to finance and build projects in this state without the economic development tax incentives offered here.

West Texas Solar 1 LLC is developing a solar photovoltaic facility designed to use solar power to generate electricity. The anticipated generation capacity of the Project is 110 MW. The qualified investment may include solar modules, mounting system, electrical collection system, combiner boxes, inverters, project substation, meteorological equipment, operations and maintenance facility, transmission facilities, and other ancillary equipment necessary to safely generate and transmit energy. All of the property for which the Applicant is seeking a limitation of appraised value will be owned by the Applicant.

The Applicant anticipates commencing construction activities in the first quarter of 2015 and completing construction by the first quarter of 2016. Once complete, the Project may operate for twenty-five or more years.

The Project will be located entirely within Pecos County and the Iraan-Sheffield Independent School District. It may utilize approximately 1500 acres of the land within the Reinvestment Zone. The project design is not finalized at this time thus the exact location of the improvements cannot be specified. The land used for the Project will privately owned land under long-term leases. The land is currently shrub land and grassland which is not being actively used for any profitable ventures. There is no oil and gas activity on the land.

Request of waiver of creation requirement

May 8, 2014

Mr. Kevin Allen, Superintendent
Iraan-Sheffield Independent School District
P.O. Box 486
Iraan, Texas 79744-0486

Re: Chapter 313 Job Waiver Request

Dear Mr. Allen,

Please consider this letter to be West Texas Solar 1 LLC's formal request to waive the minimum new job creation requirement, as provided under Texas Tax Code 313.025(f-1).

Based upon our knowledge of staffing requirements West Texas Solar 1 LLC requests the job creation requirement under Chapter 313 of the Texas Tax Code be waived. In line with solar industry standards for job requirements, West Texas Solar 1 LLC has committed to create two (2) new permanent jobs.

Solar projects create a large number of full-time, temporary jobs during the construction phase (1st year), but require a small number of highly skilled technicians to operate the solar project once construction operations end and commercial operations begin.

These permanent employees of a solar energy project maintain and service solar panels, mounting infrastructure, underground electrical connections, substations and other infrastructure associated with the safe and reliable operation of the project. In addition to the onsite employees described above, there also may be asset managers or technicians who supervise, monitor, and support solar project operations from offsite locations.

The waiver request herein is in line with industry standards for the number of jobs specifically relegated to a solar generation facility of this size. This is evidenced by previously filed limitation agreement applications by solar developers who similarly requested a waiver of the job requirements and in addition, by readily available documentation and education materials related to the development of solar generation facilities.

Sincerely,

West Texas Solar 1 LLC

Thomas H. Houle
President

Mike Allison
Vice President

**RESOLUTION OF THE
PECOS COUNTY COMMISSIONERS COURT**

A RESOLUTION DESIGNATING A CERTAIN AREA AS A REINVESTMENT ZONE FOR TEXAS TAX CODE CHAPTER 312 TAX ABATEMENT IN PORTIONS OF PECOS COUNTY, TEXAS, TO BE KNOWN AS THE "WALA" REINVESTMENT ZONE; ESTABLISHING THE BOUNDARIES THEREOF; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Pecos County, Texas, desires to promote the development or redevelopment of a certain contiguous geographic area within its jurisdiction by the creation of a reinvestment zone as authorized by the Property Redevelopment and Tax Abatement Act, as amended (V.T.C.A. Texas Tax Code § 312.401), for the purpose of authorizing a Tax Abatement Agreement, as authorized by Chapter 312 of the Texas Tax Code; and,

WHEREAS, Pecos County, Texas, (the "County") desires to encourage the retention or expansion of primary employment and to attract major investment in the County that would be a benefit to property in a reinvestment zone created by the County and that would contribute to the economic development of the County;

WHEREAS, on July 14, 2014, the Pecos County Commissioners Court held a hearing, such date being at least seven (7) days after the date of publication of the notice of such public hearing, and the delivery of written notice to the respective presiding officers of each taxing entity which includes within its boundaries real property that is to be included in the proposed reinvestment zone as described on EXHIBIT A and mapped on EXHIBIT B; and,

WHEREAS, the Pecos County Commissioners Court at such public hearing invited any interested person to appear and speak for or against (1) the creation of the reinvestment zone, and whether all or part of the territory described should be included in the proposed reinvestment zone, and (2) acceptance of an Application for Tax Abatement by WEST TEXAS SOLAR 1 LLC, for Pecos County to consider entering into a Tax Abatement Agreement;

WHEREAS, the proponents of the reinvestment zone offered evidence, both oral and documentary, in favor of all of the foregoing matters relating to the creation of the reinvestment zone and opponents, if any, of the reinvestment zone appeared to contest the creation of the reinvestment zone;

WHEREAS, the County wishes to (1) create a reinvestment zone consisting of the same real property as described on EXHIBIT A and mapped on EXHIBIT B, and (2) accept the Application for Tax Abatement by WEST TEXAS SOLAR 1 LLC.

NOW THEREFORE, BE IT RESOLVED BY THE PECOS COUNTY COMMISSIONERS COURT:

SECTION 1. That the facts and recitations contained in the preamble of this Resolution are hereby found and declared to be true and correct.

SECTION 2. That the Pecos County Commissioners Court, after conducting such hearing and having heard such evidence and testimony, has made the following findings and determinations based on the evidence and testimony presented to it:

- (a) That the public hearing on the adoption of the "Wala" Reinvestment Zone has been properly called, held, and conducted, and that notices of such hearing have been published as required by law and mailed to the respective presiding officers of the governing bodies of all taxing units overlapping the territory inside the proposed reinvestment zone; and,
- (b) That the boundaries of the "Wala" Reinvestment Zone be and, by the adoption of this Resolution, are declared and certified to be, the area as described in the description attached hereto as "EXHIBIT A"; and,
- (c) That the map attached hereto as "EXHIBIT B" is declared to be and (by the adoption of this Resolution) is certified to depict and to show accurately the boundaries of the "Wala" Reinvestment Zone, which is normatively described in "EXHIBIT A", and further certifies that the property described in "EXHIBIT A" is inside the boundaries shown on "EXHIBIT B"; and,
- (d) That creation of the "Wala" Reinvestment Zone with boundaries as described in "EXHIBIT A" and "EXHIBIT B" will result in benefits to Pecos County and to land included in the zone, and that the improvements sought are feasible and practical; and,
- (e) That the "Wala" Reinvestment Zone described in "EXHIBIT A" and "EXHIBIT B" meets the criteria set forth in Texas Tax Code §312.401 for the creation of a reinvestment zone as set forth in the Property Redevelopment and Tax Abatement Act, as amended, in that it is reasonably likely that the designation will contribute to the retention or expansion of primary employment, and/or will attract major investment in the zone that will be a benefit to the property to be included in the reinvestment zone and would contribute to the economic development of Pecos County, Texas.

SECTION 3. That pursuant to the Property Redevelopment and Tax Abatement Act, as amended, the Pecos County Commissioners Court, hereby creates a reinvestment zone under the provisions of Texas Tax Code § 312.401, encompassing the area described by the descriptions in "EXHIBIT A" and "EXHIBIT B", and such reinvestment zone is hereby designated and shall hereafter be referred to as the *Wala Reinvestment Zone*.

SECTION 4. That the *Wala Reinvestment Zone* shall take effect upon adoption by the County Commissioners Court and shall remain designated as a commercial-industrial reinvestment zone for a period of five (5) years from such date of such designation.

SECTION 5. That the Pecos County Commissioners Court already has found and resolved that Pecos County is eligible to enter into tax abatement agreements.

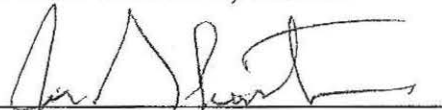

SECTION 6. That the Pecos County Commissioners Court accepts the Application for Tax Abatement submitted by WEST TEXAS SOLAR 1 LLC.

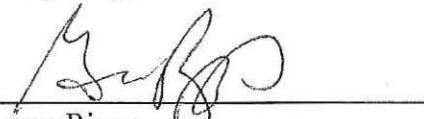

SECTION 7. That if any section, paragraph, clause, or provision of this resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause, or provision shall not affect any of the remaining provisions of this resolution.

SECTION 8. That it is hereby found, determined, and declared that a sufficient notice of the date, hour, place, and subject of the meeting of the Pecos County Commissioners Court, at which this resolution was adopted, was posted at a place convenient and readily accessible at all times, as required by the Texas Open Government Act, Texas Government Code, Chapter 551, as amended; and that a public hearing was held prior to the designation of such reinvestment zone, and that proper notice of the hearing was published in newspapers of general circulation in Pecos County of the State of Texas; and that, furthermore, such notice was in fact delivered to the presiding officer of any effected taxing entity as prescribed by the Property Redevelopment and Tax Abatement Act.

PECOS COUNTY

GUIDELINES AND CRITERIA FOR TAX ABATEMENT

I. PURPOSE

Pecos County, herein referred to as "the County," is committed to the promotion of quality development in all parts of the County and to improving the quality of life for its citizens. In order to help meet these goals, the County will consider recommending tax abatement to stimulate growth and development. Any such incentive shall be provided in accordance with the procedures and criteria outlined in this document. However, nothing in these guidelines shall imply or suggest, or be construed to imply or suggest, that the County is under any obligation to provide any incentive to any applicant. All such applications for tax abatement shall be considered on an individual basis with regard to both the qualification for abatement and the amount of any abatement.

II. DEFINITIONS

The attached Glossary is a list of words with their definitions that are found in this document, and the Glossary is incorporated herein by reference.

III. GUIDELINES AND CRITERIA

Improvements eligible for abatement include the following:

Aquaculture/agriculture facility,
Distribution center facility,
Manufacturing facility,
Office building,
Regional entertainment/ tourism facility,
Renewable power facility and fixtures,

Historic building in a designated area, or
Other basic industry.

Requests for abatement will be evaluated according to factors including, but not limited to, the following:

- (1) Jobs. Projected new jobs created, including the number and type of new jobs, the number and type of jobs retained, the average payroll, and the number of local persons hired.

- (2) Fiscal Impact. The amount of real and personal property value that will be added to the tax roll for both eligible and ineligible property, any County financed infrastructure improvements that will be required by the facility, any infrastructure improvements proposed to be made by the facility, and the compatibility of the project with the County's master plan for development.
- (3) Community Impact. The pollution, if any, as well as other potential negative environmental impact on the health and safety of the community resulting from the proposed project; whether the project will revitalize a depressed area; potential business opportunities for local vendors; alternative development possibilities for the proposed site; the impact on other taxing entities; and/or whether the improvement is expected to solely or primarily have the effect of transferring employment from one part of Pecos County to another.

IV. ABATEMENT AUTHORIZED

- (a) Authorized Date. A facility shall be eligible for tax abatement if it has applied for such abatement prior to the commencement of construction: provided, that such facility meets the criteria for granting tax abatement in reinvestment zones created by Pecos County pursuant to these Guidelines and Criteria. Property may be exempted from taxation under these guidelines for a period not to exceed the statutory limitations.
- (b) Creation of New Value. Abatement may only be granted for the additional value of or increase in value to eligible improvements made subsequent to the filing of an application for tax abatement and specified in the abatement agreement between the County and the property owner or lessee and lessor, subject to such limitations as the Tax Abatement Statute and these Guidelines and Criteria may require.
- (c) New and Existing Facilities. Abatement may be granted for new facilities and improvements to existing facilities for purposes of modernization or expansion. If the modernization project includes replacement of a facility existing at the time of application, the abated value shall be the value of the new unit(s) less the value of the old unit(s).
- (d) Eligible Property. Abatement may be extended to the value of buildings, structures, fixed machinery and equipment, site improvements, and office space and related fixed improvements necessary to the operation and administration of the facility.

Property owned or used by the State of Texas or its political subdivisions or by any organization owned, operated or directed by a political subdivision of the State of Texas. This provision shall not be interpreted to disallow abatement for property located in the Pecos County Industrial Park. Nor shall this provision be interpreted to disallow abatement where the eligible property to be abated may be located on or affixed to land owned by the State or a subdivision of the State, but is wholly owned by the party seeking the abatement.

Equipment constituting personal property located in the reinvestment zone shall remain eligible for abatement provided the equipment is awaiting installation to become a permanent part of a fixture located or to be constructed in the reinvestment zone that is or will be eligible for property tax abatement, including any replacement parts.

- (f) Owned/Leased Facilities. If leased property is granted abatement, the agreement shall be executed with the lessor and lessee. If the eligible property to be abated is located on or affixed to leased land, but is wholly owned by the party seeking the abatement, the agreement shall be executed only with the owner of the property to be abated.

- (g) Value and Term of Abatement. Abatement shall be granted effective with the January 1 valuation date immediately following the date of execution of the agreement. The value of new eligible properties shall be abated according to the approved agreement between the applicant and the governing body. The governing body, in its sole discretion, shall determine the amount of any abatement.

The abatement may be extended from the date of the initial agreement by modification provided the statutory requirements for modification are met.

- (h) Construction in Progress. If a qualifying facility has not been placed in service as of January 1 following execution of the abatement agreement, the taxpayer may apply for a one-year extension of the term of abatement. Said extension must be applied for prior to the end of the calendar year in which the abatement agreement is executed.
- (i) Taxability. From the execution of the abatement contract to the end of the agreement period, taxes shall be payable as follows:
 - (1) The value of ineligible property as provided in Part IV(e) shall be fully taxable.
 - (2) The base year value of existing eligible property, meaning the value of the property for the year in which the abatement agreement is executed, shall be fully taxable.
 - (3) The additional value of eligible property shall be taxable as provided for by the applicable abatement agreement between the owner and the County.

V. APPLICATION FOR TAX ABATEMENT

- (a) Any present or potential owner of taxable property in Pecos County may request the creation of a reinvestment zone and tax abatement by filing a written request with the County.
- (b) The application shall consist of a completed application form accompanied by:
 - (1) a general description of the proposed use and the general nature and extent of the modernization, expansion or new improvements to be undertaken;

- (2) a descriptive list of the improvements that will be a part of the facility;
 - (3) a map and property description or a site plan;
 - (4) a time schedule for undertaking and completing the planned improvements;
 - (5) for modernized facilities, a statement of the assessed value of the facility, separately stated for real and personal property, for the tax year immediately preceding the application; and,
 - (6) Financial and other information as deemed appropriate for evaluating the financial capacity and other factors of the applicant.
- (c) Upon receipt of a completed application, the County receiving such application shall notify in writing the presiding officer of the legislative body of each affected jurisdiction. Before acting upon the application, the County shall through public hearings as described below afford the applicant and the designated representative of any affected jurisdiction and any member of the public the opportunity to show cause why the abatement should or should not be granted. Notice of the public hearing shall be clearly identified on an agenda of the legislative body of the County to be posted at least twenty (20) days prior to the hearing.
- (d) The County shall approve or deny the application for tax abatement within sixty (60) days after receipt of the application. The presiding officer of the County shall notify the applicant of the approval or disapproval promptly thereafter.
- (e) Statutory Requirements: Not later than the seventh (7th) day before the date of the hearing, notice of the hearing must be: (1) delivered in writing to the presiding officer of each taxing unit that includes in its boundaries real property that is to be included in the proposed reinvestment zone, and (2) published in a newspaper of general circulation in the County. At the hearing, the Commissioners Court evaluates the application against the criteria described in these guidelines and decides by majority vote whether to designate the property for which the abatement is sought as a reinvestment zone. If the reinvestment zone is designated, the Commissioners Court shall pass an order to that effect. An order designating an area as a reinvestment zone is valid for five years from the date of designation. Once the area is designated as a reinvestment zone, the Commissioners Court may then arrange to consider for approval of the tax abatement agreement between the applicant and the county, which it may do at any regularly scheduled meeting, provided notice requirements

are met. At least seven days prior to entering into a tax abatement agreement, the County must give written notice of its intent to do so to the presiding officer of each taxing unit that includes in its boundaries real property that is to be included in the proposed reinvestment zone, along with a copy of the proposed tax abatement agreement. At the regularly scheduled meeting, the Commissioners Court may finally vote by simple majority to enter into the tax abatement agreement, or to decline.

- (f) Expedited consideration of application. If the County determines that the application should receive expedited consideration, the Commissioners Court may combine the steps described in the preceding paragraph into a single, regularly scheduled meeting of the Commissioners Court, provided the County meets the procedural prerequisites for each step.
- (g) A request for a reinvestment zone for the purpose of abatement shall not be granted if the County finds that the request for the abatement was filed after commencement of construction, alteration, or installation of improvements related to a proposed modernization, expansion, or new facility.
- (h) Variance. Requests for variance from the provisions of Subsections (a) through (e) of Part IV may be made in written form to the County Commissioners Court. Such request shall include a complete description of the circumstances explaining why the applicant should be granted a variance. Approval of the request for variance requires a three-fourths (3/4) vote of the County Commissioners Court.

VI. PUBLIC HEARING

- (a) If, after a public hearing, the County Commissioners Court weighs the relevant factors listed in these guidelines and determines that granting the abatement is not in the best interests of the County, the Court shall deny the abatement.
- (b) Neither a reinvestment zone nor an abatement agreement shall be authorized if it is determined that:
 - (1) There would be a substantial and unreasonable adverse affect on the provision of government services or the overall tax base of the County.
 - (2) The applicant has insufficient financial capacity.
 - (3) Planned or potential use of the property would constitute a hazard to public safety, health, or morals.

- (4) Planned or potential use of the property violates any other governmental codes or any applicable law.

VII. AGREEMENT

- (a) After approval of the tax abatement application, the County shall formally pass a resolution and execute an agreement with the owner of the facility and the lessee involved, if any, which shall include:
 - (1) Estimated value to be abated and the base year value.
 - (2) Percent of value to be abated each year.
 - (3) The commencement date and the termination date of abatement.
 - (4) The proposed use of the facility, nature of construction, time schedule for undertaking and completing the planned improvements, map, property description, and improvements list.
 - (5) Contractual obligations in the event of default, including a provision for cancellation and recapture of delinquent taxes, provisions for administration and assignment as provided herein, and any other provision that may be required for uniformity or by state law.
 - (6) Performance criteria for continuation of the abatement.
 - (7) Amount of investment and average number of jobs involved for the period of abatement.
 - (8) A provision that the contract shall meet all of the requirements of Texas Tax Code Sec. 312, et. seq.
- (b) Such agreement shall be executed within sixty (60) days after approval of the agreement.
- (c) The County shall make its own determination of abatement which shall not bind any other affected taxing entity.

VIII. RECAPTURE

- (a) In the event that the facility is completed and begins producing product or service, but subsequently discontinues production of product or service for any reason other than fire, explosion, or other casualty or accident or natural disaster for a period of more than one (1) year during the

abatement period, then the agreement shall terminate and so shall the abatement of taxes for the calendar year during which the agreement is terminated. The taxes otherwise abated for that calendar year shall be paid to the County within sixty (60) days from the date of termination.

- (b) Should the County determine that the owner is in default of the agreement, the County shall notify the owner of the defect in writing at the address stated in the agreement, and if such defect is not cured within sixty (60) days from the date of such notice ("Cure Period"), then the agreement shall be terminated. Where cure of the proposed defect requires action undertaken over a period of time, the contract will not be considered to be in default if the performing party has undertaken efforts to cure the defect and is diligently pursuing those efforts.
- (c) In the event that the company or individual:
 - (1) allows its ad valorem taxes owed the County to become delinquent, and to remain delinquent for a period of thirty (30) days following notice of the delinquency without instituting proper legal procedures for their protest and/or contest; or
 - (2) violates in a way any of the terms and conditions of the abatement agreement and fails to cure same during the Cure Period;

the agreement shall be terminated and all taxes previously abated by virtue of the agreement will be recaptured and paid within sixty (60) days of the termination. A failure to abide by estimated timelines for construction will not be considered to be a material breach of this agreement, provided the owner makes a reasonable effort to meet the estimated timeline.

IX. ADMINISTRATION

- (a) The Chief Appraiser of the Pecos County Appraisal District shall annually determine an assessment of the real and personal property comprising the reinvestment zone. Each year the company or individual receiving the abatement shall furnish the designee of the County with such information as may be necessary to determine continued eligibility for abatement. Once the value has been established, the Chief Appraiser shall notify the County of the amount of assessment. Additionally, the County designee shall notify the County of the number of new or retained employees associated with the facility or generated by the abatement agreement. Once value has been established, the Chief Appraiser shall notify the affected taxing jurisdictions of the amount of the assessment.

- (b) The agreement shall stipulate that employees and/or designated representatives of the County will have access to the reinvestment zone during the term of the abatement to inspect the facility to determine if the terms and conditions of the agreement are being met. All inspections will be made only after the giving of twenty-four (24) hours prior notice and will only be conducted in such manner as to prevent unreasonable interference with the construction and/or operation of the facility. All inspections will be made with one or more representatives of the owner in accordance with its safety standards.
- (c) Upon completion of construction the County shall annually evaluate each facility and report possible violations of the contract and/or agreement to the County.
- (d) All proprietary information acquired by the County for purposes of monitoring compliance with the terms and conditions of an abatement agreement shall be considered confidential.

X. ASSIGNMENT

- (a) Abatement may be transferred and assigned by the owner to a new owner of the same property upon approval by resolution of the County Commissioners Court, subject to the financial capacity of the assignee and provided that the agreement is modified to substitute the assignee as a party to the agreement.
- (b) Any such modification shall not exceed the termination date of the abatement agreement with the original owner.
- (c) No assignment or transfer shall be approved if either the parties to the existing agreement or the proposed assignee is liable to the County for outstanding taxes or other obligations.
- (d) Approval shall not be unreasonably withheld. Upon a finding that the proposed assignee is capable of performing the obligations under the agreement, financially and otherwise, approval of the assignment will not be withheld.

XI. SUNSET PROVISION

- (a) These guidelines are effective upon the date of their adoption and will remain in force for two (2) years, at which time all reinvestment zones and tax abatement contracts created pursuant to its agreements will be reviewed by the County to determine whether the goals of these guidelines

and the Tax Abatement Statute have been achieved. Based on that review, these guidelines may be modified, renewed or eliminated. Such actions shall not affect existing contracts.

- (b) Prior to the date for review, as defined above, these Guidelines may be modified by a two-thirds (2/3) vote of the County Commissioners Court, as provided for by the laws of the State of Texas.

XII. SEVERABILITY AND LIMITATIONS

- (a) In the event that any section, clause, sentence, paragraph, or any part of these guidelines is, for any reason, adjudged by any court of competent jurisdiction to be invalid, such invalidity shall not affect, impair, or invalidate the remainder of the guidelines.
- (b) Property that is in a reinvestment zone and that is owned or leased by a member of the County Commissioners Court is excluded from property tax abatement.
- (c) If this Guideline Statement has omitted any mandatory requirement of the applicable tax abatement laws of the State of Texas, then such requirement is hereby incorporated as a part of these guidelines.

XIII. These Guidelines and Criteria do not affect the County's right to enter into abatement agreements for property located within the City of Fort Stockton pursuant to the existing agreement between the County and the City, regardless of whether such abatement agreements meet the criteria announced by these Guidelines.

Kevin Allen
Superintendent
Iraan-Sheffield Independent School District
PO Box 486
Iraan, Texas 79744-0486

Dear Superintendent Allen:

On August 22, 2014, the Comptroller issued written notice that West Texas Solar 1, LLC (the applicant) submitted a completed application (Application #1020) for a limitation on appraised value under the provisions of Tax Code Chapter 313¹. This application was originally submitted on May 12, 2014, to the Iraan-Sheffield Independent School District (the school district) by the applicant.

This presents the results of the Comptroller's review of the application and determinations required:

- 1) under Section 313.025(h) to determine if the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C; and
- 2) under Section 313.025(d), to issue a certificate for a limitation on appraised value of the property and provide the certificate to the governing body of the school district or provide the governing body a written explanation of the comptroller's decision not to issue a certificate, using the criteria set out in Section 313.026.

Determination required by 313.025(h)

Sec. 313.024(a)	Applicant is subject to tax imposed by Chapter 171.
Sec. 313.024(b)	Applicant is proposing to use the property for an eligible project.
Sec. 313.024(d)	Applicant has committed to create the required number of new qualifying jobs and pay all jobs created that are not qualifying jobs a wage that exceeds the county average weekly wage for all jobs in the county where the jobs are located.
Sec. 313.024(d-2)	Not applicable to Application #1020.

Based on the information provided by the applicant, the Comptroller has determined that the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C.

Certificate decision required by 313.025(d)

Determination required by 313.026(c)(1)

The Comptroller has determined that the project proposed by the applicant is reasonably likely to generate tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement before the 25th anniversary of the beginning of the limitation period. See Attachment B.

¹ All statutory references are to the Texas Tax Code, unless otherwise noted.

Determination required by 313.026(c)(2)

The Comptroller has determined that the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state. See Attachment C.

Based on these determinations, the Comptroller issues a certificate for a limitation on appraised value. This certificate is contingent on the school district's receipt and acceptance of the Texas Education Agency's determination per 313.025(b-1).

The Comptroller's review of the application assumes the accuracy and completeness of the statements in the application. If the application is approved by the school district, the applicant shall perform according to the provisions of the Texas Economic Development Act Agreement (Form 50-286) executed with the school district. The school district shall comply with and enforce the stipulations, provisions, terms, and conditions of the agreement, applicable Texas Administrative Code and Chapter 313, per TAC 9.1054(i)(3).

This certificate is no longer valid if the application is modified, the information presented in the application changes, or the limitation agreement does not conform to the application. Additionally, this certificate is contingent on the school district approving and executing the agreement within a year from the date of this letter.

Note that any building or improvement existing as of the application review start date of August 22, 2014, or any tangible personal property placed in service prior to that date may not become "Qualified Property" as defined by 313.021(2) and the Texas Administrative Code.

Attachment C – Limitation as a Determining Factor

Tax Code 313.026 states that the Comptroller may not issue a certificate for a limitation on appraised value under this chapter for property described in an application unless the comptroller determines that “the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state.” This represents the basis for the Comptroller’s determination.

Methodology

Texas Administrative Code 9.1055(d) states the Comptroller shall review any information available to the Comptroller including:

- the application, including the responses to the questions in Section 8 (Limitation as a Determining Factor);
- public documents or statements by the applicant concerning business operations or site location issues or in which the applicant is a subject;
- statements by officials of the applicant, public documents or statements by governmental or industry officials concerning business operations or site location issues;
- existing investment and operations at or near the site or in the state that may impact the proposed project;
- announced real estate transactions, utility records, permit requests, industry publications or other sources that may provide information helpful in making the determination; and
- market information, raw materials or other production inputs, availability, existing facility locations, committed incentives, infrastructure issues, utility issues, location of buyers, nature of market, supply chains, other known sites under consideration.

Determination

The Comptroller is **has determined** that the limitation on appraised value is a determining factor in the West Texas Solar 1, LLC decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

- According to the company they have the ability to locate projects of this type in other states in the US with strong solar characteristics.
- Per the company they are actively developing other projects throughout the US and internationally, and in other Texas Counties that are competing for limited investment funds.
- Per the applicant, the appraised value limitation in order to move forward with the project at this location.

Summary of Financial Impact

**CHAPTER 313 PROPERTY VALUE LIMITATION
FINANCIAL IMPACT OF THE PROPOSED WEST TEXAS
SOLAR 1, LLC PROJECT IN THE IRAAN-SHEFFIELD
INDEPENDENT SCHOOL DISTRICT**

PREPARED BY

SEPTEMBER 25, 2014

Executive Summary

West Texas Solar 1, LLC (Company) has requested that the Iraan-Sheffield Independent School District (I-SISD) consider granting a property value limitation under Chapter 313 of the Tax Code, also known as the Texas Economic Development Act. In an application submitted to I-SISD on May 12, 2014 the Company plans to invest \$275 million to construct a renewable solar electric generation facility. Moak, Casey & Associates (MCA) has been retained to prepare an analysis of this value limitation and help the district navigate the overall application and agreement process.

The West Texas Solar project is consistent with the state's goal to "encourage large scale capital investments in this state." When enacted as House Bill 1200 in 2001, Chapter 313 of the Tax Code granted eligibility to companies engaged in manufacturing, research and development, and renewable electric energy production to apply to school districts for property value limitations. Subsequent legislative changes expanded eligibility to clean coal projects, nuclear power generation and data centers, among others.

Under the provisions of Chapter 313, I-SISD may offer a minimum value limitation of \$25 million. This value limitation, under the proposed application, will begin in the 2016-17 school year and remain at that level of taxable value for Maintenance and Operations (M&O) tax purposes for ten years. The entire project value will remain taxable for I&S or debt service purposes for the term of the agreement and after.

MCA's initial school finance analysis is detailed in this report. The overall conclusions are as follows, but please read all of the subsequent details in the report below for more information.

Total Revenue Loss Payment Owed to I-SISD	\$150,000
Total Savings to Company after Revenue Loss Payment. (This does not include any supplemental benefit payments to the District.)	\$12,807,407

Application Process

After the school district has submitted an application to the Comptroller's Office (Comptroller), the Comptroller begins reviewing the application for completeness. The purpose of this review is to ensure all necessary information and attachments are included in the application before moving forward with the formal review process. At the time the application is determined complete - typically 4-6 weeks after receipt—the Comptroller will deliver a Completeness Letter to the company and the school district. The Completeness Letter for this project was issued on August 22, 2014.

The issuance of a Completeness Letter is important because it sets the timeline for the rest of process. From the date of issuance, the Comptroller has 90 days to conduct its full

review of the project and provide its certificate for a limitation on appraised value. The certificate for this project was issued on September 30, 2014. After the certificate is received, the district has until the 150th day from the receipt of the Completeness Letter or until December 31st, whichever is earlier, to adopt an agreement.

Each value limitation agreement is unique and to ensure the proper revenue-loss protection and maximum supplemental benefits are in place, an understanding of the school district's finances and a thorough knowledge of the Ch. 313 statute are required. MCA and O'Hanlon, McCollom & Demerath will ensure the best interests of I-SISD are secured. After the Comptroller's certificate is received, O'Hanlon, McCollom & Demerath will contact the school district to discuss the value limitation agreement and begin negotiations of the supplemental benefit payment with the Company. A final version of the agreement must be submitted to the Comptroller for review prior to final adoption by the school district's board of trustees.

At the final board meeting, the school board will review the Value Limitation Agreement and Findings of Fact that detail the project's conformance with state law. In some instances, the school board may also be required to adopt a job waiver or create a reinvestment zone during this meeting. Prior to this meeting, O'Hanlon, McCollom & Demerath will provide the district with the necessary agenda language and any additional action items.

How the 313 Agreement Interacts with Texas School Finance

M&O funding for Texas schools relies on two methods of finance: local school district property taxes and state aid. State aid consists of three components: Tier I, Tier II and additional state aid for tax reduction.

Tier I provides state funding based on ADA and special student populations, as well as transportation. The local funds for Tier I are M&O taxes raised at the compressed tax rate--\$1.00 per \$100 of taxable value for most school districts (less any recapture payments owed to the state from high property-wealth school districts).

Tier II guarantees a specific amount of funding per student in weighted average daily attendance for each penny of a school district's tax effort above a specified level. There are two levels of Tier II funding – funding under the six so-called golden pennies and the eleven so-called copper pennies. Voter approval is required in most cases to access the last two golden pennies and the eleven copper pennies.

Additional State Aid for Tax Reduction (ASATR) guarantees a school district a set amount of state and local M&O funds per student in weighted average daily attendance to compensate for the mandatory reduction in, or compression of, the local M&O tax rate that was adopted in 2005 or 2006. For more detailed information on the school finance funding system, please review the Texas Education Agency's [School Finance 101: Funding of Texas Public Schools](#). For the 2014-15 school year it is estimated that 230 school districts will receive ASATR hold-harmless funding (\$335 million in state funding). ASATR funding is expected to be eliminated by the 2017-18 school year under current law.

For a school district that approves a Chapter 313 value limitation, the first year is often problematic financially. The implementation of the value limitation often results in an M&O revenue loss to the school district in the first year of the limitation that would not be reimbursed by the state, but require some type of compensation from the Company under the revenue protection provisions of the agreement. This is because the general school finance formula system calculates state aid entitlements using the property value for the preceding year as certified by the Comptroller.

School districts that receive ASATR funding may not require as large of a company revenue-loss payment as those districts that are considered to be on "formula". **As ASATR is reduced, more districts will be considered on "formula" and the revenue losses may be greater than anticipated.** I-SISD receives a substantial amount of ASATR funding, although our baseline estimate assumes that the District will begin to approach formula status by the 2016-17 school year. Under the value limitation model, however, I-SISD would be expected to receive an additional \$726,920 in ASATR funds to offset reduced local M&O tax collections in that year, with reduced recapture costs accounting for most of the offset. As already noted, a decrease in ASATR funding could increase the hold-harmless cost to the Company in the initial 2016-17 value limitation year.

In most instances smaller revenue losses would be anticipated in years 2-10 of the limitation when the state M&O property values are aligned at the minimum value established by the Board on both the local tax roll and the corresponding state property value study. **If the full value of the project increases significantly during the value limitation period, the revenue losses may be greater than originally estimated.**

A taxpayer receiving a value limitation pays M&O taxes on the reduced value for the project in years 1-10 and receives a tax bill for I&S taxes based on the full project value throughout the qualifying and value limitation period (and thereafter).

Future legislative action on school funding could potentially affect the impact of the value limitation on the school district's finances and result in revenue-loss estimates that differ from the estimates presented in this report.

Underlying School District Data Assumptions

A key element in any analysis of the school finance implications of a Chapter 313 agreement is the provision for revenue protection in the agreement between the school district and the applicant. The agreement calls for a calculation of the revenue impact of the value limitation in years 1-10 of the agreement, under whatever school finance and property tax laws are in effect in each of those years. This meets the statutory requirement under Section 313.027(f)(1) of the Tax Code to provide school district revenue-protection language in the agreement. This approach also reduces guess work as to future changes in school finance and property tax laws.

The general approach used here to analyze the future revenue stream of the school district under a value limitation is to maintain static enrollment and property values in order to isolate the effects of the value limitation under the school finance system. ASATR is continued under the current funding elements until the 2017-18 school year.

Student enrollment counts are held constant at 507 students in average daily attendance (ADA) in analyzing the effects of the project on the finances of I-SISD. The District's local tax base reached \$1.99 billion for the 2014 tax year (the most recent year available) and is maintained at that level for the forecast period in order to isolate the effects of the property value limitation. An M&O tax rate of \$1.06 per \$100 is used throughout this analysis. I-SISD has an estimated 2013 state property wealth per weighted ADA or WADA of approximately \$1.9 million. As a result, I-SISD is considered a Chapter 41 or recapture district under the school finance system.

Table 1 summarizes the enrollment and property value assumptions for the 15 years that are the subject of this analysis. The M&O tax rate for the 2026-27 school year is reduced slightly to \$1.0551 to reflect the impact of the Chapter 313 project value returning to the M&O tax roll in that year, which is reflected in the limitation model shown below.

M&O Impact of the West Texas Solar Project on I-SISD

School finance models were prepared for I-SISD under the assumptions outlined above through the 2030-31 school year. Under the proposed agreement, a model is established to make a calculation of the "Baseline Revenue Model" by adding the total value of the project to the model, but without assuming that a value limitation is approved. These estimates are detailed in Table 2.

Table 4 displays the results of the comparison between the Baseline Revenue Model and the Value Limitation Revenue Model (Tables 2 and 3). The difference between the two models indicates there will be a total revenue loss of \$150,000 in the initial 2016-17 limitation year. This difference assumes that the corresponding \$2.5 million reduction in M&O tax collections is offset by a \$726,920 increase in ASATR funding—referenced in the ASATR discussion above—and nearly \$1.8 million in reduced recapture costs.

M&O Impact on the Taxpayer

Table 5 summarizes the impact of the property value limitation in terms of the potential tax savings to the taxpayer under the property value limitation agreement. The focus of this table is on the M&O tax rate only. A \$1.06 per \$100 M&O tax rate is assumed in 2014-15 (the most recent year available) and thereafter.

Under the assumptions used here, the potential tax savings from the value limitation total \$13.0 million over the life of the agreement. The I-SISD revenue losses are expected to total approximately \$150,000 in the initial limitation year of the agreement. Under these estimates, this revenue loss would occur in the 2016-17 school year. In total, the potential net tax benefits (after hold-harmless payments are made) are estimated to reach \$12.8 million. While legislative changes to ASATR funding could increase the hold-harmless amount owed in the initial limitation year, if applicable, there would still be a substantial tax benefit to the Company under the value limitation agreement for the remaining years that the limitation is in effect.

I&S Funding Impact on School District

The project remains fully taxable for debt services taxes, with I-SISD currently levying a \$0.1100 I&S rate. While the value of the West Texas Solar project is expected to depreciate over the life of the agreement and beyond, full access to the additional value is expected to increase the District's projected wealth per ADA to \$3.7 million in the peak year of I&S taxable project value. The addition of the project to the District's I&S tax base will provide a recurring benefit to local taxpayers.

The project is not expected to affect I-SISD in terms of enrollment. Continued expansion of the project and related development could result in additional employment in the area and an increase in the school-age population, but this project is unlikely to have much impact on a stand-alone basis.

Note: School district revenue-loss estimates are subject to change based on numerous factors, including:

- Legislative and Texas Education Agency administrative changes to the underlying school finance formulas used in these calculations.
- Legislative changes addressing property value appraisals and exemptions.
- Year-to-year appraisals of project values and district taxable values.
- Changes in school district tax rates and student enrollment.

Dear Ms Holmes:

As required by the Tax Code, §313.025 (b-1), the Texas Education Agency (TEA) has evaluated the impact of the proposed West Texas Solar 1 LLC project on the number and size of school facilities in Iraan-Sheffield Independent School District (ISISD). Based on an examination of ISISD enrollment and the number of potential new jobs, the TEA has determined that the West Texas Solar 1 LLC project should not have a significant impact on the number or size of school facilities in FSISD.

Please feel free to contact me by phone at (512) 463-9186 or by email at al.mckenzie@tea.state.tx.us if you have any questions.

The M&O Amount owed by the Applicant to District means the Original M&O Revenue *minus* the New M&O Revenue;

Where:

- i. "Original M&O Revenue" means the total State and local Maintenance & Operations Revenue that the District would have received for the school year under the Applicable School Finance Law had this Agreement not been entered into by the Parties and the Qualified Property and/or Qualified Investment been subject to the ad valorem maintenance & operations tax at the tax rate actually adopted by the District for the applicable year.
- ii. "New M&O Revenue" means the total State and local Maintenance & Operations Revenue that the District actually received for such school year, after all adjustments have been made to Maintenance and Operations Revenue because of any portion of this agreement.

- ii. For purposes of this calculation, the tax collection rate on the Applicant's Qualified Property and/or the Applicant's Qualified Investment will be presumed to be one hundred percent (100%)
- iii. If, for any year of this Agreement, the difference between the Original M&O Revenue and the New M&O Revenue as calculated under this Section 4.2 results in a negative number, the negative number will be considered to be zero.
- iv. All calculations made for years one (1) through ten (10) of this Agreement under Section 4.2, Subsection *ii* of this Agreement will reflect the Tax Limitation Amount for such year.

- v. All calculations made under this Section 4.2 shall be made by a methodology which isolates the full M&O revenue impact caused by this Agreement. The Applicant shall not be responsible to reimburse the District for other revenue losses created by other agreements, or on account of or otherwise arising out of any other factors not contained in this Agreement.

- A. "*Cumulative Unadjusted Tax Benefit*" means for each Tax Year of this Agreement, the Unadjusted Tax Benefit for the applicable Tax Year added to the Unadjusted Tax Benefit from all previous Tax Years of this Agreement.
- B. "*Unadjusted Tax Benefit*" means for each year of this Agreement the total of all gross tax savings calculated for each year of the Agreement by multiplying the Applicant's taxable value for debt service taxes for each applicable Tax Year, minus the Tax Limitation Amount defined in Section 2.5(A) above, as Twenty-Five Million Dollars (\$25,000,000.00), multiplied by the District's Maintenance & Operations tax rate for the applicable Tax Year.

Immediately upon receipt of the valuation information by the District, the District shall submit the valuation information to the Third Party selected under Section 4.5. The certified tax roll data shall form the basis of the calculation of any and all amounts due under this Agreement. All other data utilized by the Third Party to make the calculations contemplated by this Agreement shall be based upon the best available current estimates. The data utilized by the Third Party shall be adjusted from time to time by the Third Party to reflect actual amounts, subsequent adjustments by the Appraisal District to the District's certified tax roll or any other changes in student counts, tax collections, or other data.

Section 4.7. DELIVERY OF CALCULATIONS.

On or before November 1 of each year for which this Agreement is effective, the Third Party appointed pursuant to Section 4.5 of this Agreement shall forward to the Parties the calculations required under Sections 4.2 and/or 4.4 of this Agreement in sufficient detail to allow the Parties to understand the manner in which the calculations were made. The Third Party shall simultaneously submit his, her or its invoice for fees for services rendered to the Parties, if any fees are being claimed. Upon reasonable prior notice, the employees and agents of the Applicant shall have access, at all reasonable times, to the Third Party's offices, personnel, books, records, and correspondence pertaining to the calculation and fee for the purpose of verification. The Third Party shall maintain supporting data consistent with generally accepted accounting practices, and the employees and agents of the Applicant shall have the right to reproduce and retain for purpose of audit, any of these documents. The Applicant shall not be liable for any of Third Party's

costs resulting from an audit of the Third Party's books, records, correspondence, or work papers pertaining to the calculations contemplated by this Agreement or the fee paid by the Applicant to the Third Party pursuant to Section 4.7, if such fee is timely paid.

Section 4.8. PAYMENT BY APPLICANT.

By such date, the Applicant shall also pay any amount billed by the Third Party for all calculations under this Agreement under Section 4.7, above, plus any reasonable and necessary legal expenses paid by the District to its attorneys, auditors, or financial consultants for the preparation and filing of any financial reports, reports required by any state agency, disclosures, other reimbursement applications filed with or sent to the State of Texas which are, or may be required under the terms or because of the execution of this Agreement. In no year shall the Applicant be responsible for the payment of any total expenses under this Section and Section 4.7, above, in excess of Twelve Thousand Dollars (\$12,000.00).

Section 4.9. RESOLUTION OF DISPUTES.

Within thirty (30) days of receipt of the Applicant's appeal, the Third Party will issue, in writing, a final determination of the calculations. Thereafter, the Applicant may appeal the final determination of the certification containing the calculations to the District's Board of Trustees. Any appeal by the Applicant of the final determination of the Third Party may be made, in writing, to the District's Board of Trustees within thirty (30) days of the final determination of the calculations.

Section 4.10. EFFECT OF PROPERTY VALUE APPEAL OR OTHER ADJUSTMENT.

In the event that, at the time the Third Party selected under Section 4.5 makes its calculations under this Agreement, the Applicant has appealed the taxable values placed by the Appraisal District on the Qualified Property, and the appeal of the appraised values are unresolved, the Third Party shall base its calculations upon the values initially placed upon the Qualified Property by the Appraisal District.

In the event that the result of an appraisal appeal or for any other reason, the Taxable Value of the Applicant's Qualified Investment and/or the Applicant's Qualified Property is changed, once the determination of a new value becomes final, the Parties shall immediately notify the Third Party who shall immediately issue new calculations for the applicable year or years. In the event the new calculations result in the change of any amount payable by the Applicant under this Agreement, the party from whom the adjustment is payable shall remit such amounts to the counter-party within thirty (30) days of the receipt of the new calculations from the Third Party.

Section 4.11. EFFECT OF STATUTORY CHANGES.

The Parties agree that for each Tax Year of this Agreement, beginning with Tax Year 2014, the first year of the qualifying time period specified in Section 2.3 of this Agreement, the Stipulated Supplemental Payment amount, described in Section 6.2 will annually be calculated based upon the then most current estimate of tax savings to the Applicant, which will be made, based upon assumptions of student counts, tax collections, and other applicable data, in accordance with the following formula:

Taxable Value of the Applicant's Qualified Property for such Tax Year had this Agreement not been entered into by the Parties (i.e., the Taxable Value of the Applicant's Qualified Property used for the District's interest and sinking fund tax purposes for such Tax Year, or school taxes due to any other governmental entity, including the State of Texas, for such Tax Year);

A. All calculations required by this Article shall be calculated by the Third Party selected pursuant to Section 4.5, above.

B. The calculations made by the Third Party shall be made at the same time and on the same schedule as the calculations made pursuant to Section 4.7, above.

C. The payment of all amounts due under this Article shall be made by December 31 of the tax year for which the payment is due.

Section 6.6. DISTRICT'S OPTION TO DESIGNATE SUCCESSOR BENEFICIARY.

At any time during this Agreement, the District's Board of Trustees may, in its sole discretion, so long as such decision does not result in additional costs to the Applicant under this Agreement, direct that the Applicant's payment obligations under Article VI of this agreement be made to its educational foundation, or to a similar entity. The alternative entity may only use such funds received under this Article to support the educational mission of the District and its students. Any designation of an alternative entity must be made by recorded vote of the District's Board of Trustees at a properly posted public Board meeting. Any such designation will become effective after public vote and the delivery of notice of said vote to the Applicant in conformance with the provisions of Section 9.1, below. Section 7.2. OPTION TO TERMINATE AGREEMENT.

In the event that any payment otherwise due from Applicant to District under Article IV, Article V, and/or Article VI of this Agreement with respect to a Tax Year is subject to reduction in accordance with the provisions of Section 7.1 above, then the Applicant shall have the option to terminate this Agreement. At any such hearing, Applicant shall have the opportunity, together with their counsel, to be heard before the Board of Trustees. At the hearing, the Board of Trustees shall make findings as to whether or not a material breach of this Agreement has occurred, the date such breach occurred, if any, and whether or not any such breach has been cured. In the event that the Board of Trustees determines that such a breach has occurred and has not been cured, it shall also terminate the Agreement and determine the amount of recaptured taxes under Section 9.2.A and B (net of all credits under Section 9.2.A and B), and the amount of any penalty and/or interest under Section 9.2.C that are owed to District.
